Planning Aids and "Global A.P.E."

My New Year's resolution is to stay organized. With the help of the Women's Daybook, I know I can accomplish this. Other calendars include Rise Up! With poster art by Favianna Rodriguez, Peace Calendar, and the murals of New York.

Hand puppets and plush animals from Columbia are a great way to keep the kids entertained. Global A.P.E. uses profits to protect animals and their habitats, and offer different sources of income to people involved in the illegal wildlife trade

We've got Christmas Morning Covered!

It will be a hard decision...do I want blueberry, saskatoon, strawberry, or cherry topping on my pancakes? We now carry **Anita's Organic Mill Pancake Mix**, in ancient grains or multigrain varieties. Toppings come from **Over the Hill Organic Orchards** in Lumsden, Saskatchewan.

Loofah Kitchen Art scrubbers are perfect for fruits, vegetables, pots, pans, and more. Over 10,000 Paraguayan farmers and Indigenous people have been

trained and certified to organically grow Loofah-Art materials. Local women hand-process, sew, and detail the products and package them for shipment. Besides contributing to the local economy, the manufacture and sale of Loofah Art helps to save the land from deforestation and ecological erosion.
